

2nd Polish Congress „Surviving Sepsis” Programme

25.05.2017 (Thursday)

	Room Acinetobacter	Room Klebsiella	Room Pseudomonas	Room Candida
13:00	OPENING OF THE CONGRESS			
13:30-15:00	<p>Inaugural lectures</p> <p><i>Chairpersons: Ewa Mayzner-Zawadzka (Olsztyn), Andrzej Nestorowicz (Lublin), Wojciech Gaszynski (Lodz)</i></p> <p>1. Sepsis 2017 – still a global health challenge. <i>Konrad Reinhart (Jena, Germany)</i></p> <p>2. Perspectives of cytokine elimination in the therapy of sepsis and organ failure. <i>Frank Brunkhorst (Jena, Germany)</i></p> <p>3. Sepsis and Polish affair. <i>Andrzej Kübler (Wroclaw)</i></p>			
15:00-15:30	BREAK			

15:30-17:00	<p>Hospital-acquired infections in the ICU</p> <p><i>Chairpersons: Lidia Lysenko (Wroclaw), Piotr Knapik (Zabrze), Maciej Zukowski (Szczecin)</i></p> <p>1. What do we know about infections in ICU's in Poland – what do we learn from PPS. <i>Aleksander Deptula (Bydgoszcz)</i></p> <p>2. How to monitor infections in the ICU – a pilot study conducted by ECDC. <i>Agnieszka Misiewska-Kaczur (Cieszyn)</i></p> <p>3. How to use monitoring – practical rules for the selection of antibiotic therapy. <i>Agnieszka Zukowska (Szczecin)</i></p> <p>4. How others monitor and what's the conclusion? <i>Ewa Trejnowska (Zabrze)</i></p>	<p>Extracorporeal treatment of sepsis</p> <p><i>Chairpersons: Malgorzata Burzynska (Wroclaw), Romuald Lango (Gdansk), Dariusz Maciejewski (Bielsko-Biala)</i></p> <p>1. Extracorporeal elimination of CO₂. <i>Wojciech Dabrowski (Lublin)</i></p> <p>2. Renal replacement therapy – new techniques and goals. <i>Jakub Smiechowicz (Wroclaw)</i></p> <p>3. Extracorporeal support of liver function. <i>Wojciech Mielnicki (Wroclaw)</i></p>	<p>Session for nurses</p> <p><i>Chairpersons: Dorota Milecka (Wroclaw), Milan Laurinc (Bratislava, Slovakia), Marta Arendarczyk (Wroclaw)</i></p> <p>1. Prevention of invasive meningococcal disease. <i>Malgorzata Radwan (Scientific Consultant of GSK)</i></p> <p>2. Sepsis and septic shock-a place and responsibility of nurses in the therapeutic algorithm. <i>Anna Zdun (Warszawa)</i></p> <p>3. Surviving Sepsis. Care of the central catheter – to do the same thing, the same way. The recommendations of the working group for the practice. Polish Society of Anaesthetic Nurses and Intensive Care (PTPAiO). <i>Malgorzata Jadczak (Warszawa)</i></p> <p>4. Prevence sepse - checklisty pro prevenci VAP. <i>Renata Zoubkova, Milan Májek, Andrea Vilímková (Ostrava, Czechia)</i></p> <p>5. Nursing activities to prevent multi-drug resistant strains in the IT department - Schulke</p>	
17:00-17:30	BREAK			
17:30-19:00	<p>Progress in the diagnosis of sepsis</p>	<p>Different approaches to the treatment of hospital-acquired infections – Pfizer's antibiotics</p>	<p>Session for nurses</p> <p><i>Chairpersons: Sylwia Krzeminska (Wroclaw), Renata Zoubkova (Ostrava,</i></p>	<p>Emergency Medicine's role in the diagnosis and treatment of sepsis</p>

	<p><i>Chairpersons: Janusz Trzebicki (Warszawa), Adam Mikstacki (Poznan), Waldemar Gozdzik (Wroclaw)</i></p> <ol style="list-style-type: none"> 1. Endotoxemia in ICU patients. <i>Barbara Adamik (Wroclaw)</i> 2. The usefulness of perioperative determination of procalcitonin. <i>Malgorzata Lipinska-Gediga (Wroclaw)</i> 3. Sterile blood in patients with sepsis and in healthy people – truth or myth? <i>Tomasz Gosiewski (Krakow)</i> 	<p><i>Chairpersons: Lidia Lysenko (Wroclaw), Grzegorz Wallner (Lublin)</i></p> <ol style="list-style-type: none"> 1. Comparing bactericidal and bacteriostatic antibiotics – the importance in intensive therapy. <i>Lidia Lysenko (Wroclaw)</i> 2. Safety profile of anidulafungin for the treatment of invasive candidiasis based on the selected clinical cases. <i>Malgorzata Symonides (Warszawa)</i> 3. New challenge – KPC. <i>Agnieszka Misiewska-Kaczur (Cieszyn)</i> 	<p><i>Czechia), Jovan Filipovic (Belgrade, Serbia)</i></p> <ol style="list-style-type: none"> 1. Sepsis prevention in ophthalmology. <i>Slavica Timic (Belgrade, Serbia)</i> 2. Význam adekvátní výživy před operací v prevenci sepie. <i>Andrea Vylicilova, Andrea Vilímková, Renata Zoubkova (Ostrava, Czechia)</i> 3. Sepsis in ICU. <i>Renata Szafranska (Wroclaw)</i> 4. Citosorb at patients with septic shock. <i>Jovan Filipovic (Belgrade, Serbia)</i> 5. Prevention of infection in children operated to oesophageal atresia. <i>Anna Rozensztrauch, Robert Smigiel (Wroclaw)</i> 7. Osetrovateľska starostlivosť o diéta s otvoreným hrudníkom po kardiochirurgickej operácii – prevencia komplikácii. <i>Milan Laurinc, Bratowa Andrea, Gondarova-Vyhnickova Helena, Nano Frantisek, Kormanikova Viera (Bratislava, Slovakia)</i> 8. Prevention of sepsis and the workload of nurses anaesthetic. <i>Elzbieta Ostrowska (Wroclaw)</i> 9. Prevence poranění ostrými předměty, nebo průzkum mezi budoucími sestrami. <i>Tomas Valek (Brno, Czechy)</i> 	<p><i>Chairperson: Juliusz Jakubaszko (Wroclaw), Andrzej Zawadzki (Warszawa)</i></p> <ol style="list-style-type: none"> 1. New SSC recommendations – a new challenge for emergency medicine? <i>Juliusz Jakubaszko (Wroclaw)</i> 2. "The golden hour" in sepsis – can we diagnose it early in the Emergency Department? <i>Ewa Raniszewska (Gdańsk)</i> 3. The importance of microbiological testing in the Emergency Department. <i>Andrzej Basiński (Gdańsk)</i> 4. Hyperbaric oxygen therapy in septic shock. <i>Janusz Sokołowski (Wroclaw)</i>
19:00	GET-TOGETHER			

Evening accompanying get-together will be held in the WCC foyer (Wystawowa 1 St.). Star of the evening will be guitarist Krzysztof Pelech, whose concert will start at 20:00.

26.05.2017 (Friday)

	Room Acinetobacter	Room Klebsiella	Room Pseudomonas	Room Candida
9:00-11:00	<p>Session of the Clinical Microbiology Society</p> <p><i>Chairpersons: Marzenna Bartoszewicz (Wroclaw), Beata Kowalska-Krochmal (Wroclaw)</i></p> <ol style="list-style-type: none"> 1. Biofilm formation by coagulase-negative staphylococci – is it the cause of sepsis? <i>Marzenna Bartoszewicz (Wroclaw)</i> 2. Known and unknown fungal pathogens as the cause of fungemia. <i>Urszula Nawrot (Wroclaw)</i> 3. Multiresistant strains of <i>Klebsiella</i> – epidemiology of hospital infections, possibilities of prevention and therapy. <i>Beata Maczynska (Wroclaw)</i> 4. Blood cultures – difficulties with interpretation of results. <i>Beata Kowalska-Krochmal (Wroclaw)</i> 	<p>Session dedicated to the Polish-Swedish cooperation, Stockholm/Wroclaw</p> <p><i>Chairpersons: Claes Frostell (Stockholm, Sweden), Waldemar Gozdzik (Wroclaw)</i></p> <ol style="list-style-type: none"> 1. Introduction. <i>Waldemar Gozdzik (Wroclaw)</i> 2. Limitation order of medical therapy (LOMT). <i>Claes Frostell (Stockholm, Sweden)</i> 3. Enhanced Recovery After Surgery (ERAS) – experience from Danderyd University Hospital. <i>Johanna Albert (Stockholm, Sweden)</i> 4. Coagulation disorders in sepsis. <i>Barbara Adamik (Wroclaw)</i> 	<p>Severe infections – current challenges</p> <p><i>Chairpersons: Lidia Lysenko (Wroclaw), Malgorzata Lipinska-Gediga (Wroclaw), Janusz Andres (Krakow)</i></p> <ol style="list-style-type: none"> 1. aHUS: Essential Aspects of an Accurate Diagnosis & Management. <i>Ana Ávila Bernabeu (Valencia, Spain)</i> 2. The usefulness of PCT in the ICU. <i>Mariusz Piechota (Lodz)</i> 3. Principles of antibiotic therapy in sepsis – 2016 Guidelines. <i>Barbara Tamowicz (Poznan)</i> 	

	<p>5. Application of Solid Phase Microextraction (SPME) for the detection of metabolites produced by microorganisms causing sepsis. The results of in vitro studies. Wyniki badań <i>in vitro</i>. Adam Junka (Wroclaw)</p>		<p>4. Assessment of the clinical status of patients with sepsis – prognostic scales. Marek Welna (Wroclaw)</p>	
11:00-11:30	BREAK			
11:30-13:30	<p>Infectious diseases – current issues</p> <p><i>Chairpersons: Andrzej Gladysz (Wroclaw), Brygida Knysz (Wroclaw)</i></p> <p>1. Infectious diseases: still an epidemiological and clinical problem? <i>Brygida Knysz (Wroclaw)</i></p> <p>2. Worrying symptoms in persons returning from the tropics – things to remember. <i>Waclaw Nahorski (Gdansk)</i></p> <p>3. Markers of inflammation in selected infectious diseases and immunosuppression. <i>Tomasz Mikula (Warszawa)</i></p> <p>4. Female patient with Ebola fever in the ICU: own experience. <i>Agnieszka Walecka (London, UK)</i></p>	<p>Progress in infectious medicine</p> <p><i>Chairpersons: Waleria Hryniewicz (Warszawa), Zbigniew Rybicki (Warszawa), Anna Przondo-Mordarska (Wroclaw)</i></p> <p>1. New antimicrobials for the treatment of sepsis in the ICU. <i>George Zhanel (Manitoba, Kanada)</i></p> <p>2. Glycoconjugate vaccines and what we can learn from them. <i>Joanna Kübler-Kielb (Bethesda, USA)</i></p> <p>3. Guidelines for Pre-clinical Sepsis Modeling: a futile whim or feasible necessity? <i>Marcin Osuchowski (Vien, Austria)</i></p> <p>4. <i>Satellite lecture of GSK:</i> Influence of universal vaccination programs on the epidemiology of invasive pneumococcal disease in children. <i>Alicja Ksiazek (Warszawa)</i></p>	<p>Defeat sepsis = understand sepsis</p> <p><i>Chairpersons: Ewa Mayzner-Zawadzka (Olsztyn), Ryszard Rotaub (Warszawa), Janusz Trzebicki (Warszawa)</i></p> <p>1. Blood infections – microbiological diagnostics in clinical practice. <i>Marta Wroblewska (Warszawa)</i></p> <p>2. Solutions and strategies to combat antimicrobial resistance.* <i>Yossi Sammy (Johannesburg, South Africa)</i></p> <p>3. Progress in the diagnosis of sepsis – fiction or fact? <i>Ewa Mayzner-Zawadzka (Olsztyn), Janusz Trzebicki (Warszawa)</i></p>	

13:30-14:30	BREAK			
14:30-16:00	<p style="text-align: center;">Session of the National Programme for the Protection of Antibiotics</p> <p><i>Chairpersons: Waleria Hryniewicz (Warszawa), Lidia Lysenko (Wroclaw), Andrzej Kübler (Wroclaw)</i></p> <ol style="list-style-type: none"> 1. Severe community acquired infections treated in the ICU. <i>Maciej Zukowski (Szczecin)</i> 2. Strategy for the treatment of multidrug-resistant bacterial infections. <i>Waleria Hryniewicz (Warszawa)</i> 3. Infection control in the ICU. <i>Tomasz Ozorowski (Poznan)</i> 	<p style="text-align: center;">Sepsis in the pediatric population</p> <p><i>Chairpersons: Marzena Zielinska (Wroclaw), Ryszard Lauterbach (Krakow)</i></p> <ol style="list-style-type: none"> 1. Feeding of the newborns and infants in sepsis. <i>Ryszard Lauterbach (Krakow)</i> 2. Different PK and PD during pharmacotherapy of children with sepsis. <i>Alicja Bartkowska-Sniatkowska (Poznan)</i> 3. Respiratory therapy of children in sepsis. <i>Marzena Zielinska (Wroclaw)</i> 4. <i>Satellite lecture of GSK: Prophylaxis of meningococcal sepsis in the pediatric population. Daniel Budzynski (Warszawa)</i> 	<p style="text-align: center;">Progress in the treatment of sepsis</p> <p><i>Chairpersons: Grazyna Durek (Wroclaw), Wojciech Dabrowski (Lublin), Jakub Smiechowicz (Wroclaw)</i></p> <ol style="list-style-type: none"> 1. Fluid therapy in sepsis and multiorgan failure. <i>Wojciech Dabrowski (Lublin)</i> 2. Glucose control in sepsis. <i>Andrzej Kübler (Wroclaw)</i> 3. Immunoglobulins in sepsis. <i>Andrzej Wieczorek (Lodz)</i> 	<p style="text-align: center;">Poster session</p> <p><i>Chairpersons: Barbara Tamowicz (Poznan), Janusz Trzebicki (Warszawa), Stanislaw Zielinski (Wroclaw)</i></p>
16:00-16:30	BREAK			
16:30-18:30	<p style="text-align: center;">Organs in sepsis – 2017</p> <p><i>Chairpersons: Maria Wujtewicz (Gdansk), Andrzej Nestorowicz (Lublin)</i></p> <ol style="list-style-type: none"> 1. Brain in sepsis. <i>Grażyna Durek (Wroclaw)</i> 	<p style="text-align: center;">Pharmacokinetics and pharmacodynamics of antibiotics in sepsis</p> <p><i>Chairpersons: Wieslawa Duszynska (Wroclaw), Zbigniew Rybicki (Warszawa)</i></p>	<p style="text-align: center;">Poster session</p> <p><i>Chairpersons: Malgorzata Burzynska (Wroclaw), Barbara Barteczko-Grajek (Wroclaw), Marceli Lukaszewski (Wroclaw)</i></p>	<p style="text-align: center;">Poster session – nurses' papers</p> <ol style="list-style-type: none"> 1. Nursing activities affecting the reduction of infections in the IU. <i>Sylwia Krzeminska, Adriana Borodzicz, Marta Arendarczyk (Wroclaw)</i>

	<p>2. Circulation in sepsis. <i>Mariusz Piechota (Lodz)</i></p> <p>3. Lung in sepsis. <i>Dariusz Maciejewski (Bielsko-Biala)</i></p> <p>4. Kidneys in sepsis. <i>Krzysztof Kusza (Poznan)</i></p>	<p>1. Application of the principles of PK/PD antibiotics modeling to improve the effectiveness and safety of treatment in patients with sepsis. <i>Wieslawa Duszyńska (Wroclaw)</i></p> <p>2. Treatment of multidrug-resistant infections based on the PK/PD modeling. <i>Zbigniew Rybicki (Warszawa)</i></p> <p>3. Adverse effects of antibiotics based in their pharmacokinetic properties. <i>Anna Wiela-Hojenska (Wroclaw)</i></p> <p>4. Application of the principles of PK/PD modeling and therapeutic drug monitoring (TDM) of antibiotics – pharmaco-economic issues. <i>Pawel Petryszyn (Wroclaw)</i></p>	<p>2. The role of monitoring the risk of infection in the prevention of septic complications in patients. <i>Sylwia Durlej-Kot (Wroclaw)</i></p> <p>3. Results of implementation of WHO program "Clean Care is Safer Care" in surgical units. <i>Sylwia Mietkiewicz, Danuta Dyk, Bozena Siczynska (Poznan)</i></p> <p>4. Comprehensive patient care with an infected wound. <i>Izabela Kuberka, Aleksandra Koltuniuk, Monika Michalak, Joanna Rosinczuk, Aleksandra Pytel (Wroclaw)</i></p> <p>5. The role of the nurse in the feeding of patient with sepsis. <i>Anna Kostka (Wroclaw)</i></p> <p>6. Prevention of the septic shock in special situations at the PICU. <i>Justyna Oskiewicz (Wroclaw)</i></p>
--	---	--	--

27.05.2017 (Saturday)

	Room Acinetobacter	Room Klebsiella	Room Pseudomonas	Room Candida
9:00-10:30	<p>Extracorporeal blood oxygenation</p> <p><i>Chairpersons: Waldemar Gozdzik (Wroclaw), Konstanty Szuldrzynski (Krakow), Rafał Drwila (Krakow)</i></p> <ol style="list-style-type: none"> 1. Perioperative use of ECMO after cardiac surgery. <i>Karol Mudy (Minneapolis, USA)</i> 2. ECMO in cardiogenic shock. <i>Katarzyna Hryniewicz (Minneapolis, USA)</i> 3. Pathophysiology of ECMO in sepsis. <i>Hakan Kalzen (Stockholm, Sweden)</i> 	<p>Challenges in sepsis therapy</p> <p><i>Chairpersons: Ewa Trejnowska (Zabrze), Adam Mikstacki (Poznan)</i></p> <ol style="list-style-type: none"> 1. Long-term outcomes of sepsis. <i>Malgorzata Mikaszewska-Sokolewicz (Warszawa)</i> 2. Procalcitonin-guided antibiotic stewardship in sepsis. <i>Barbara Adamik (Wroclaw)</i> 3. Immune disorders in sepsis – a new approach to the therapy. <i>Lidia Lysenko (Wroclaw)</i> 	<p>Infections in surgery</p> <p><i>Chairpersons: Zygmunt Grzebieniak (Wroclaw), Wojciech Kielan (Wroclaw), Mirosław Gibek (Wroclaw)</i></p> <ol style="list-style-type: none"> 1. Postoperative delirium as an indicator of sepsis. <i>Krzysztof Bielecki, Barbara Jozefacka (Warszawa)</i> 2. Intestinal ischemia and sepsis. <i>Jadwiga Snarska (Olsztyn)</i> 3. Reoperations – difficult problem in abdominal surgery. <i>Marcin Zawadzki, Aleksander Stal, Wojciech Kielan, Zygmunt Grzebieniak (Wroclaw)</i> 4. Tertiary peritonitis. The diagnosis and treatment. <i>Zygmunt Grzebieniak, Wojciech Kielan, Anil Agrawal, Grzegorz Marek (Wroclaw)</i> 	
10:30-11:00	BREAK			
11:00-12:30	<p>Medical and legal issues in the diagnosis and treatment of sepsis (errors and adverse events)</p> <p><i>Chairpersons: Tomasz Jurek (Wroclaw), Andrzej Kübler (Wroclaw)</i></p>			

	<p>1. The liability of physicians for errors in sepsis management. <i>Tomasz Jurek, Marta Rorat (Wroclaw)</i></p> <p>2. The causes of medical errors in sepsis – an analysis of cases. <i>Marta Rorat (Wroclaw)</i></p> <p>3. Plenary discussion.</p>			
12:30	CLOSING OF THE CONGRESS
